FRENCH FLYER  
WINS AIR RACE  
IN EASY TRIP

Schroeder Scheduled To Start First In French Race.

## GET AWAY LATER

Break In Bad Weather Permits Flyers To Take Off in Flight.

Etampes, France, Sept. 28.—Sadi Lecoq, flying in a Nieuport airplane, won the James Gordon Bennett cup race for France this afternoon. Lecoq had a comparatively easy victory as all of the contestants save Frederick P. Raynham, of Great Britain, flying in a Martinsyde airplane, were compelled to drop out Lecoq's time was one hour, six minutes, 17 1-5 seconds.

The two American contestants—Major Rudolph Schroeder, flying in a U. S. army plane and Howard M. Rinehardt flying in a Dayton-Wright monoplane, were compelled to abandon the race in its early stages.

Schroeder had too much for the exhaust pipes of his plane and he feared it would set on fire. He landed at 2:55 o'clock and was officially disqualified for failing to pass the first turning point. Rinehardt could not see clearly and was unable to control the direction of his plane.

Etampes, France, Sept. 28.—Heavy mist delayed the start of the international airplane race for the James Gordon Bennett cup this morning. The sky was overcast with low hanging clouds that threatened rain. However, the sky had begun to clear by 9 o'clock indicating that the start might be made later in the day.

On account of the weather the crowd was not so large as had been anticipated. During the night hundreds of persons who had come to Etampes by motor car went to Paris, but many of them returned this morning.

The injury to Roland Rholts on Saturday while making a landing in his "Texas wild cat," machine left only two Americans entrants—Major Rudolph Schroeder and Howard M. Rinehardt. Schroeder was scheduled to start first in the race and Rinehardt second. Both arose before dawn and were ready to leave the ground at 7 o'clock, but the weather got in the way. Both expressed keen disappointment over the fog.

Monday night was one of revelry among the sightseers who had come to witness the contest. When the mechanics went upon the field they found it covered with empty champagne bottles.

Rholts, who suffered a dislocated shoulder, is getting along satisfactorily. He said he hoped to see the race from a wheel chair.

Colonel Demott Thompson, president of the Aero Club of America, who had been reported strangely missing, was found today in a hotel at Fontainebleau. He said he had not been feeling well and had gone to a quiet hotel for a rest. He was feeling better this morning and departed for Etampes flying field. Colonel Thompson's friends had been gun to get worried on account of his prolonged absence from his Paris hotel quarters and from the Paris headquarters of the aero club of America. Colonel Thompson had dined with the American airmen on Sunday night and then dropped from sight. His absence from the flying field on Monday increased the anxiety of his friends for he was head of the American committee.

GENERAL REDUCTION  
IN FOOD PRICES  
HITS PITTSBURGH

Smoky City Sees Lower Prices On Many Staples.

Pittsburgh, Pa., Sept. 28.—A general reduction in prices of all foods except butter and eggs is being made in this territory, according to A. G. Schenck, buyer for a large chain of retail stores. Tomatoes were cut today from 13 to 10 cents a can on two and from 18 to 15c on three. "Canaries need money badly," said Mr. Schenck. Navy beans are on the wholesale market at 5c per pound said N. H. Vostkamp, head of a large food producing concern. He quoted present tomato prices as \$1.70 per dozen two and a half pound cans. Coffee is moving downward.

I. O. Ulrich, manager for the largest produce firm here pointed out the sharp decline in potato prices which cost \$12 a barrel of 170 pounds on June 28 and now are \$3.85 a sack of 150 pounds. Lower sugar has reduced the prices of preserved goods. Frank Grukschank, head of a large producing concern, says preserves were reduced from \$6.25 to \$5.50 per case yesterday.

PRICES FALLING  
Newark, O., Sept. 28.—The reduction in prices commenced here today in a decided manner. One store, the Boston, cut wearing apparel twenty to thirty three per cent. No wholesale lowering prices have been announced but expected, both retail and wholesale.

## BOYS ENROLL FOR MILITARY TRAINING

Every youth in New York State between the ages of sixteen and nineteen years has been required by law to register for military training at the nearest public school. The

rush to comply with the new state law became so great that many boards called for additional enrollment blanks. This far 125,000 youths have registered. The total is expected to reach 142,000.

WILSON TAKES FIRST  
STEP IN CAMPAIGN

President In Answer To Letter Issues Statement On League Of Nations As Affecting The Irish Question; First Aid For Cox.

Washington, Sept. 28.—President Wilson today took his first active step in the campaign to aid Governor Cox by issuing a statement on the league of nations as affecting the Irish question. The statement, issued through Secretary Tumulty at the direction of the president took the form of an answer to a letter from Edwin M. Swarts of Los Angeles who wrote asking what could be done about the Irish situation.

"It seems to me," says the statement, "necessary for the peace and freedom of the world that a forum be created to which all peoples can bring other matters which are likely to affect the peace and freedom of the world."

Secretary Tumulty by direction of President Wilson answering the inquiry said:

"I beg to say that the identical questions contained in your letter with reference with article ten and the right of self determination found in the covenant of the league of nations were placed before the president while he was on his western trip last year and fully answered by him.

The president asks me to call your attention to the following questions and answers given by him to the press at that time, which I think satisfactory answer your inquiries. The questions and answers are as follows:

Q—"Under the covenant does the nation obligate itself to assist any member of the league in putting down a rebellion of its subjects or conquer peoples?"

A—"It does not."

Q—"Under the covenant does this nation independently recognize a government whose people seek to achieve or have achieved their independence from a member of the league?"

A—"The independent action of the government of the United States in matters of this kind is in no way limited or affected by the covenant of the league of nations."

Q—"Under the covenant are those subject nations or people only that are mentioned in the peace treaty entitled to the right of self determination?"

OHIO RETAILERS JOIN CAMPAIGN  
AGAINST HIGH PRICES IN STATE

Leading Stores in Many Cities Announce General Cuts In Nearly All Lines, Following Cutting By Manufacturers In Number of Products.

Cleveland, O., Sept. 28.—Ohio retailers have fallen into line in the campaign against high prices. Leading stores in many cities are announcing general cuts in nearly all lines, following announcements from manufacturers of reductions in the price of the manufactured product. While mill prices do not affect the purchasing price of goods already on the merchants' shelves or on the way there, one of the largest of Cleveland's department stores, announced today that price reductions had been made on practically every line of the immense stock carried, and that retail prices from now on would keep step with reductions made by manufacturers and wholesalers, regardless of the loss such policy meant to the store.

Reductions ranging from 20 to 50 percent over prices ruling a month ago were announced and the cut from six months ago was even more marked. Other Cleveland stores are announcing like reductions.

At the same time the campaign against other angles of the cost of living problem seem to be gaining headway. The fair price commission reports a constant stream of landlords visiting their offices asking that a fair rental be fixed upon their property, and stating that they would accept the board's ruling as to the amount to be charged.

This action was doubtless hastened by the announcement of Cleveland banks that landlords listed by the fair

price commission as profiteers would have their credit withdrawn by the bankers.

Manufacturers generally are following the lead of Henry Ford in making considerable reductions in factory prices. Clothing, cloak and suit manufacturers of this city are giving lower quotations to the trade, but in the meantime a course of business, the benefit of these cuts would not be felt for months.

Restaurant prices here are to be reduced from 10 to 15 percent on Oct. 1. An investigation by the fair price commission disclosed, according to R. C. Roueche, chairman of the board that excessive profits were being made in price of food.

CRASH IN TOLEDO  
MARKETS FELT AS  
PRICES LOWERED

Seed Market Suffers Slump Since Last Thursday.

Toledo, O., Sept. 28.—The crash in the commodity market was felt severely here today when sharp reductions for foodstuffs were announced. Dealers reduced prices for flour 50 to 75c per barrel, while many merchants announced sales of men's clothing and shoes at reduced figures. Potatoes fell to new low level of season.

The local seed market, which dominates the world, has been slumping since last Thursday. Clover seed fell 50 cents a ton yesterday, while alfalfa and timothy are sharply lower. Several local stores, which handle automobile accessories on a large scale, announced reductions of automobile tires ranging from 20 to 40 per cent.

BRITISH SACK  
FAMOUS IRISH  
CITY OF TRIM

Mass Of Smouldering Ruins Marks Site Of Historical Spot.

POLICE CONDUCT RAID  
Burn Business Houses and Homes Of Prominent Sinn Feiners.

## IS HISTORICAL CITY

Trim, a town of Ireland, is the capital of the county of Meath, on the Boyne river, 25 miles northwest of Dublin. It contains the ruins of Trim castle, dating from early Norman times and a steeple of an old church standing on the site of an ancient abbey. Population about 1,500.

From Lippincott's New Gazetteer of the World.

Trim, Sept. 28.—A mass of smouldering ruins marks the site of this town today, following the attack by Black and Tan policemen and soldiers during which two persons were wounded and all of the business houses and the home of prominent Sinn Feiners were destroyed by fire. Eight automobiles containing 200 soldiers descended upon the town and completed the wreckage which had been commenced by Policemen. The inhabitants fled into the country.

The soldiers opened fire as soon as they arrived. Two youths Kelly and Griffin by name, were dangerously wounded. Later three lorries drove up containing policemen. It is charged that these policemen systematically sacked the town. They commandeered all the gasoline in town and proceeded from street to street burning houses. At the height of the conflagration the flames could be seen for ten miles.

Policemen were reported to have gone from house to house warning the people that they would be given five minutes to leave their homes.

It is alleged that an old man was taken from his house and stood against a stone wall. Whether or not the policemen really intended to execute him is not known. The neighbors alarmed for the old man's safety pleaded for him and he was finally released.

HOLDS "SENATORIAL  
OLIGARCHY" MUST  
TAKE FULL BLAME

Cox Says Any Drop In Wages Caused By This Body.

St. Louis, Mo., Sept. 28.—Governor James M. Cox, campaigning here and throughout South Dakota today asserted that the senatorial oligarchy must assume responsibility for reduction in wages that may come in the near future. Any decrease in wages or any slump in farm prices can be traced to failure of the United States to assist in establishing normal business conditions throughout the world, he said, adding that this in turn is attributable to blocking of ratification of the treaty by the senate.

Big business, Cox charged is planning to take advantage of these circumstances to prevent any decrease in prices consumers must pay until it is forced to do so.

Cox today is definitely on record as opposed to elimination of article X from the league of nations covenant, which was characterized by President Wilson as the heart of the treaty. In response to an inquiry the governor reiterated his belief that this feature of the covenant was simply the application of the Monroe Doctrine to the entire world.

## TO FORM LEAGUE

WEST VIRGINIA SUFFRAGE BODY TO ORGANIZE NEW SOCIETY.

Huntington, W. Va., Sept. 28.—The West Virginia equal suffrage association will meet here Wednesday and Thursday to disband and form the West Virginia league of women voters. Mrs. Maude Wood Park of Boston, president of the National League of Women voters, and Mrs. John L. Ruhl of Clarksburg, president of the state suffrage association, will be among the speakers. The women also will be addressed by representatives of two "major" parties and the non-partisan labor league.

## FRENCH PREMIER

Georges Leygues, former Minister of Marine, who has been appointed Premier of the French cabinet by President Millerand. The new Premier of France is a man of independent means and long political experience. He will also act as Minister of Foreign Affairs. The appointment caused considerable surprise in well informed circles, where it was believed that Aristide Briand would be the choice of the new President.

BAVARIAN TROOPS  
DEFY ORDER; RENEW  
FORMER ALLEGIANCE

Forty Thousand Soldiers Renew Oath To the German Empire

Berlin, Sept. 28.—Forty thousand completely equipped home guard troops in Bavaria are defying the demobilization order and have renewed their oath of allegiance to the "Kingdom of Bavaria and the German empire," said a Munich dispatch to the Lokal Anzeiger today. The troops paraded at Munich on Sunday and the streets of the city were gay with flags. The concentration of more than two divisions in Bavaria recruited to more than war strength, is arousing fears among the socialists that there may be a repetition of the Von Kapp uprising of last March.

ARMY ENGINEERS  
INSPECT PROSPECT  
OF BARGE CANAL

Make Survey Of Toledo Harbor For Canal Plan.

Toledo, O., Sept. 28.—A board of army engineers this morning were taken in a steam yacht for a survey of Toledo harbor and Maumee Bay in connection with plans to build a deep barge canal connecting Lake Erie with the Ohio River. The board meets at noon at the Chamber of Commerce to continue hearings on plans.

Business men of western Ohio cities from Cincinnati to Toledo told the board last yesterday that the canal must be built over the old Miami and Erie canal route to serve transportation needs. At the same time representatives in favor of a route connecting Sandusky and Portsmouth by way of Columbus opened their guns on the board. There was considerable rivalry between the contending sides.

Prof. C. E. Sherman of Ohio State University, who has written much on the question, and favors the Sandusky Portsmouth plan will present his case today.

MINE STRIKE NEAR  
Bellaire Holding  
6,500 MEN IDLE

Union Officials Do Not Support Strike; Shift Blame.

Bellaire, O., Sept. 28.—The strike of some 6,500 of the 15,000 miners in the eastern Ohio coal fields continued today. Not much change in the situation is expected until after a meeting at Martins Ferry tomorrow, when Lee Hall, state president of the miners union will address the men.

The union officials do not support the strike and declare the walkout was instigated by Italian workmen. Operators representatives said the strike situation would be put up to Ohio state officials. Both operators and union leaders ask the government to protect them from foreign radicals who would break a contract and disrupt the union.

MERCHANT MARINE AND  
PROTECTIVE TARIFF ARE  
PROMISED BY HARDING

Senator In Baltimore Speech Praises Merchant Marine Bill and Assails Administration For Unpreparedness For Peace.

RECEIVED OVATION IN EASTERN CITY

Replies To Charges That Republican Platform Is Reactionary By Saying That Party Desires To "React" From Executive Usurpation.

Wheeling, W. Va., Sept. 28.—Senator Warren G. Harding, Republican candidate for president, arrived here at 1 o'clock this afternoon and was greeted at the station by a reception committee of five hundred prominent Wheeling and West Virginians. A crowd of 3,000 also packed the Baltimore and Ohio depot when the senator's special rolled in. He was given a great ovation as he alighted from the train and was escorted to his hotel where he is maintaining his headquarters during his stay in Wheeling.

Baltimore, Md., Sept. 28.—A merchant marine policy, insuring accessibility to all the markets of the world, linked with a protective tariff system to foster production at home, were promised by Senator Warren G. Harding, Republican candidate for the Presidency, in a speech last night at the Baltimore Armory.

The nominee praised the merchant marine bill enacted at the last session of Congress and assailed the Democratic administration for "unpreparedness for peace" in its policy towards American shipping and other factors of financial and industrial rehabilitation.

With a new shipping act framed by Republicans now on the statute books, he said, a new Republican administration proposed to so administer it as to give to the nation its proper place as a sea carrier.

Senator Harding also replied to charges that the Republican platform and policies are "reactionary," declaring it was true that his party desires to "react" from an era of executive usurpation and to re-establish orderly, constitutional government under "forward-looking, progressive" policies.

The nominee, accompanied by Mrs. Harding, arrived in Baltimore late in the afternoon on their special train and was greeted at the railway station by a crowd of several thousand who charged about his automobile in an effort to shake his hand. He was cheered by thousands as he rode through the business section to his hotel, and later he passed an hour shaking hands at a public reception.

Previously cheering crowds had greeted him at various cities where his special paused on its way East, and during the day he made short speeches from the rear platform of his car at Altoona, Lewistown and York, Penn.

SOLDIER COMPENSATION BILL CAUSES  
HEATED SESSION OF AMERICAN LEGION

Convention Reaffirms Acceptance Of Adjusted Report; Recommends Compulsory Military Training; Physical, Military and Educational.

Cleveland, O., Sept. 28.—Hispanic convention of the American legion in session here this morning. "We do not want the legion to go on record in favor of grabbing money as soon as it gathers sufficient strength," said Commander Billingsley.

The convention had already reaffirmed acceptance of the adjusted compensation committee's report for favoring senate passage of house bill 14157—the legion four fold optional plan, when Ben W. Metz, of Pittsburgh, asked for a roll call. This set off the fireworks.

After a heated discussion for and against, in which sectional feeling cropped out, the demand for a roll call was voted down.

Kansas City won out in the fight for the convention next year and the convention will meet there Oct. 6, 1921. Atlantic City, Houston and San Francisco were contenders.

The report of the committee on military policy contained the following recommendations:

First—Compulsory universal training—physical, military and educational.

Second—Against a large standing army.

Third—Aid to national guards.

Fourth—College and high school military training.

Fifth—Formation of separate air service department under a new cabinet officer.

Sixth—Steps to prevent any slump in government interest in military training.

Seventh—Publication of names of all slackers and their speedy punishment.

The report was adopted unanimously with an amendment favoring continued allowances to men with families.

UNAWARE OF CUT

Marion, O., Sept. 28.—If there have been any reduction in prices, wholesale or retail, the people of Marion are unaware of it. It is true that summer clothing is now being sold cheaper, but that is done every fall. Local clothing stores under clothing will be higher and there is no indication of a falling off in prices of staple goods here.

## 1ST C. OF C. BANQUET WILL BE HELD ON OCT. 7 ANNOUNCED

H. S. Warwick, former manager of the Columbus Chamber of Commerce, will probably be the speaker at the annual banquet of the Xenia Chamber of Commerce, which will be held Thursday, Oct. 7.

At the annual banquet, which will be the first of the series of winter affairs to be given by the organization, the membership of the Chamber will first meet the new officers and members of the board of directors elected recently.

Mr. Warwick to whom an invitation has been extended to speak at this banquet, is a personal friend of C. A. Walts, superintendent of the city schools, and it was through him that Secretary L. C. Tingley invited the former Chamber of Commerce executive to speak at the local banquet. Mr. Warwick is in an executive position with the Monitor Motor Car Co., of Columbus, having turned down flattering offers to resume Chamber of Commerce work.

An invitation will also be extended W. F. Brennan, former Mayor of Xenia, and now associated with the National Cash Register Company of Dayton, to be a speaker at the annual banquet. Mr. Brennan is a booster for civic improvement and progress, and there is no doubt he will be welcomed here by his many friends in this city, if he is in this territory at the time and can accept the invitation.

## C. OF C. WILL BRING EDUCATIONAL HEAD TO ADDRESS MEMBERS

Efforts are now being made by a Chamber of Commerce committee working with Secretary L. C. Tingley, to secure Philander P. Claxton, United States Commissioner of Education, to be the speaker at a banquet to be held some time soon after the annual banquet on October 7.

Mr. Claxton is connected with the Department of the Interior and is a member of the Federal Board for Vocational Education.

"In case Mr. Claxton can be secured as the speaker at this banquet, he will bring a message of great interest to the members of the Chamber of Commerce," said Secretary L. C. Tingley. "Rated as one of the foremost educators in the world this city will be especially honored in case he finds it possible to accept the local invitation."

Last winter, many prominent men were brought before local audiences through the medium of the Chamber of Commerce, and the forum committee will attempt this year to make the winter speaking program replete with not only good speakers but some of the biggest men in the country, it is announced.

## MINISTERS ENDORSE ADMINISTRATION OF DAVIS AS ADMIRAL

Delaware, Sept. 28.—The first gun in a campaign of mudslinging and falsification apparently determined on by the Democrats in Ohio this fall was the characterization applied last night by Harry L. Davis to the attack made on him several days ago by a minister.

Mr. Davis declared that the statements made it clear that the same tactics of slander and misrepresentation resorted to by the Democratic party last fall in his mayoralty campaign in Cleveland were again being introduced by his opponents. The disapproval of the public of such methods, he asserted, was indicated by his re-election at that time to a third term by the greatest majority in the city's history.

"In the face of that complete repudiation by the people of Cleveland of such unworthy tactics, the Democrats seem now to be making the deliberate attempt of fooling the people of Ohio

## "Ouija! What's the good word?"

MY YOUNG sister.  
HAS A Ouija board.  
AND SHE believes it.  
AND TALKS to Noah.  
AND I think she talks.  
TO HER best fellow.  
WHO'S DEAD but doesn't know it.  
AND I used to give her.  
THE LOUD, rude laugh.  
BUT I'M sorry now.  
BECAUSE LAST night.  
I WAS home alone.  
SO I got the board.  
AND PUT in a call.  
FOR JOHN Barleycorn.  
AND OTHER departed spirits  
BUT THE line was busy.  
FOR NOTHING happened.  
THEN I cheated a little.  
AND IT spelled this.  
"GRAMMASHOTTA SEVEN."  
SO I shut off quick.  
TO HEAD off any.  
FURTHER FAMILY scandal.  
THEN I stopped to smoke.  
A CIGARETTE.  
AND AFTER a while.  
I CRANKED up weejes.  
AND ALL of a sudden.  
IT STARTED off.  
AND QUICK as a flash.  
IT SAID something.

### HOWARD-BEVAN NUPTIALS AT WILMINGTON

On the front porch at the country home of Mr. and Mrs. Orlando Bevan of Adams township, Clinton county, their daughter, Miss Nina Edna was married to Raymond B. Howard, city editor of the Wilmington News-Journal Saturday evening at 8 o'clock.

The ceremony was performed by Rev. Jesse Harvey, pastor of both bride and groom since their childhood. The couple was attended by Misses Georgianna Crites, Kathleen Gerhard and Althea Hadley and Howard W. Orr, Ralph Bevan and William Hadley. Refreshments were served following the ceremony on the lawn under Japanese lanterns.

Mr. and Mrs. Howard are both well known in Clinton county and have many friends in this city also. Their marriage is the culmination of a romance that began in childhood. They will live in Wilmington.

## BUSINESS HOUSE CHANGES HANDS

Ralph Hutchison and Gust Curtis have purchased the Xenia Hat Cleaning shop and pool room from Christ Karagotsoglou, in a deal just completed.

Mr. Curtis has been associated in the business for some time. The new owners take possession of the business, the first of October. Mr. Karagotsoglou came here and started the business several years ago. He is planning on leaving this city and will probably go into the motion picture business.

The business operated a hat cleaning and blocking department, pool room, soda fountain and tobacco store.

## FUNERAL HELD FOR MRS. J. W. HEDGES

The Rev. V. F. Brown, D. D. officiated at the funeral of Mrs. John W. Hedges which was held at the home on south Chestnut street, Monday afternoon. There was no singing, and two hymns selected by the deceased were read by the clergyman.

Members of the Woman's Relief Corps conducted the ritualistic service of their order at the house. Interment was made in Woodland, the following serving as pallbearers: Dr. Horace Bonner of Dayton; John Gordon of Chicago; Fred Edwards and William Beall of Cincinnati; J. H. McPherson and George McKee.

## RECOVERING FROM ACCIDENT HURTS

Harold Feirstine, 22, of 1220 Harshman, who were injured when the truck in which they were riding was struck by a D. & X. freight car at Zimmerman, Monday noon, are recovering from their hurts which consisted of severe bruises. Mr. Feirstine is still at the Miami Valley Hospital, Dayton. Mr. Harshman is at Zimmerman.

## ALTHOUGH AN INVALID FOR SIX YEARS MAN MAKES TRIP ACROSS CONTINENT

Six years in a reclining position in clay and fashioned clay statuary unable to move his limbs from the waist down, has been the plight of Leo J. Roy, 26, who with his wife and his friend, Charles Kipp, traveled through this city by way of Tuesday on their 10,000 mile trip from Rochester, N. Y., to California, by way of Florida.

Six years ago Roy was afflicted with rheumatism which doubled up his legs. Doctors advised plaster casts to straighten out the limbs for fear they would remain cramped. The casts were too tight and were left on too long. When they were removed, Roy's knees had stiffened, cutting off blood circulation and rendering his legs useless. Since that time Roy has modeled

termination or does the league possess the right to accord a similar privilege to other subject nations or people?

"It was not possible for the peace conference to act with regard to the self determination of any territories except those which had belonged to the defeated empires, but in the covenant of the league it has set up in article eleven, a forum to which all claims of self determination which are likely to disturb the peace of the world or the good understanding between nations upon which the peace of the world depends, can be brought.

Q—"Why was the case of Ireland not heard at the peace conference? And what is your position on the subject on self-determination of Ireland?"

"The case of Ireland was not heard at the peace conference because the conference had no jurisdiction over any questions of that sort which did not affect territory which belonged to the defeated empires. My position on the subject of self-determination for Ireland is expressed in article eleven of the covenant in which I may say I was particularly interested, because it seemed to me necessary for the peace and freedom of the world that a forum should be created to which all peoples could bring any matter which was likely to affect the peace and freedom of the world.

"I sincerely hope that the above questions and answers satisfactorily meet your inquiries.

## MISQUITOES PLAGUE FAYETTE COUNTY

Like the flu and the 17 year locusts, mosquitoes are now flocking over Washington C. H. and Fayette county in epidemic form.

Farmers cutting corn in the county have been tortured by millions of the insects which are present in large swarms all day and not confining their activities to the early morning or night.

Ordinary window screens are said to be no bar to the long-billed insects and their bites are making the nights hideous in the neighboring county. The skeeters are also apparent in the city of Washington. Recent wet weather is blamed for the colony.

Funeral services for little Donald Richard Jeffries, small son of Mr. and Mrs. Clarence Jeffries were held at ten o'clock Tuesday morning.

The services were in charge of Rev. Scott of the First M. E. Church. Six little girls acted as pall bearers. They were Erma and Berice Rayer, Henrietta and Beatrice Bayke, Ruth Hubbard and Cleo Jeffries. Burial was made in Woodland.

ALLEGES GROSS NEGLIGENCE. Alleging gross neglect of duty, Nellie Jones is asking to be divorced from Isaac Jones. They were married August 8, 1918, and have one child, Irene.

## MINOR BRINGS SUIT BY GUARDIAN FOR WILL INTERPRETATION

Samuel Clarkson Ellis, a minor, by his guardian, has brought suit in common pleas court against R. E. Bryson, as executor of the will of Samuel H. Ellis, Indiana Ellis and the trustees of the Caesar Creek Friends Church, asking for construction of the will of Samuel H. Ellis.

By the provision of the will, the plaintiff was given the use and income from the 71 acre farm of Samuel H. Ellis during his lifetime. After his death the farm was to pass to the Caesar Creek Church. The plaintiff declares that by reason of the statutes and provisions of the will he is entitled to receive from the executor all that portion of the estate which remains after the widow receives the part to which she is entitled under the law, and asks the court to so construe the will.

## Cause Of Impure Blood

Your Druggist Has The Best Remedy

It has been truly said that the seat of most disease is in the blood; and poor, thin, devitalized blood may be caused by a weakness of the digestive organs, an accumulation of waste matter in the system, an inactive liver or lack of exercise.

Whatever the cause the best remedy known is Vinol, the cod liver and iron strength-creator, blood, and body-builder.

Vinol is not a patent medicine as all its ingredients are named on every package and it contains just the elements needed to enrich the blood enabling it to carry strength and vitality to every part of the body. Your druggist sells it, therefore accept no substitute.

## OUT OF THEIR OWN MOUTHS WE CONVICT THEM OF INSINCERITY.

The Cincinnati distillers and brewers, being owners of most of the saloons hereabouts try to influence public opinion into the false theory that the public demand them, and that the evil from them is over stated by the prohibitionists. In the hardness of their hearts regarding the frightful degradation brought to the drunkard and his family, they console themselves with the gain to their own pockets. They are conscienceless as to public welfare, and refuse to be convinced regarding the shameful evils their business entails on the sober and industrious part of the community.

Prosecutor Capelle of Hamilton County, Ohio, (Cincinnati,) in his annual report for the year ending August 31, gives interesting facts as to the decrease in crime under prohibition.

He states that 227 persons were convicted of crime this year against 364 last year. This decline of almost 50 per cent in the number of crimes is attributed by Charles S. Bell, assistant county prosecutor, to prohibition.

There were no first-degree murder convictions this year. Six persons were convicted last year. Robbery cases dropped from 31 to four. Assault and battery cases totaled 21, against 41 last year. Assault to kill cases dropped from seven a year ago to one.

Automobile stealing, petit larceny, embezzlement, manslaughter, carrying concealed weapons, second-degree murder, pocket picking, failure to provide and burglary cases also were fewer. The last named dropped from 41 to eight.

The Western Christian Advocate, noting the emptiness of the Cincinnati workhouse of prisoners, says: "No more solemn and yet joyful tribute to the effectiveness of prohibition can be found than a visit to an abandoned city jail or workhouse. Row after row of cells empty. Tier upon tier empty. Where are the would-be inmates? They are at home with their families in decency, comfort and orderliness. The Cincinnati workhouse can furnish this thrill. The Baltimore city jail can duplicate it. Practically every city has its empty prison."

The modifying of the Volstead Prohibition Enforcement law, to permit the sale of wine and beer as "non-intoxicating" drinks, has been characterized by Mr. W. G. McAdoo, son-in-law of President Wilson, lately Secretary of the United States Treasury, as "a curse greater than war." In this position he is undoubtedly correct, for such a proceeding would ultimately destroy the whole prohibition amendment. He said: "A modifying clause would make every lunch room, drug store and soda fountain a saloon, encouraging youth to drink and bring a curse upon the country greater than war."

The votes of all good people should be directed, this fall, to the election of members of Congress who will not permit such modification, and the Anti-Saloon League must furnish plain and explicit information as to the attitude of candidates, so that the people can make no mistake.

The points made by Mr. McAdoo are so excellent that they should all be studied carefully, and approved by all who make any claims to be good people.

## "GOING DOWN."

The radical cuts in prices begun by Henry Ford, and almost immediately followed by the Sears-Roebuck and Montgomery Ward firms, will have probably a greater influence in the correction of prices than any other single thing that has yet been done. In business, as in everything else, the "little fellow" must necessarily follow the lead of the "big one." This is especially true as regards prices, for it is in the lower cost of doing business, and therefore being able to sell at a lower figure, that the small dealer has his advantage.

The reduction by the Ford Company to a pre-war price basis without reducing wages is a step which not every concern can make at once, because there must be a loss on the product manufactured from raw material bought at war prices, and every manufacturing plant cannot take this loss and survive; but there must be an appreciable decline to meet the competition of those firms which will reduce their prices at once.

It is not likely that prices will all be back on a pre-war basis at least for a good many years. After the Civil War it was twenty years before commodities were reduced to the then pre-war basis, and wages never went back to that level. Even allowing for the greatly changed commercial conditions, it is probable that the same general trend will be followed now.

But the example of these great firms in making such radical reductions is an excellent one. Entirely aside from the material advantage to the consumer, it will prove to be a strong argument to the elements which are in the main responsible for the national unrest; it is proof conclusive that the much-maligned "big business" is acting fairly toward its patrons and is leading the way to better conditions, both for the people and for themselves.

There are always two sides to every matter and while the rain of Monday may have spoiled the plans of some it at least washed off the sidewalks.

A successful man should not be unduly blamed for bragging a bit—no fisherman with a good catch goes home via the back alley.

When sermons are as broad as they are long perhaps we'll have better church attendance.

If a man puts his big bills on the inside of his roll, it's a pretty good sign that he is married.

It is pretty hard now-a-days to find a man who will admit living within his income. Blame H. C. L. again.

Like the discarding of straw hats, the football season goes by the calendar, and not by the weather.

When a man keeps dinner waiting two hours there is a family reunion, but when his wife is 15 minutes late there is a family jar.

After careful perusal of the daily paper, and much deep reflection as to the why and wherefore, we are still at a loss to predict just which side of the political fence the baseball "scandal" will eventually fall.

## JOY RIDERS.

I'm seated in my figtree's shade, beside the public highway, and flies assail me unafraid—which is the silly fly way. And all day long the autos scoot, in heedless haste before me; and all day long they honk and hoot, and throw the gravel o'er me. In luxury, the riders bask upon the seats of satin; "Does no one ever work?" I ask, in Choctaw, Greek and Latin. Old age is riding there, in sooth, in limousines that glitter, and at the wheel is gilded youth—and I'm the only quitter; for now and then I park my boat and strive to earn a dollar—a scheme from reason so remote that all the passers holler. Oh, all the autos travel forth, I hear their motors sizzling; they journey south, they scamper north, and east and west they're whizzing. The roads are black with fine sedans, and all the world is playing, except some tinhorn also-rans who labor at their haying. The roads are black with limousines, on idle errands going, and wilted are the useful beans—there's none to do the honing. The world is busy blowing kale, and thrift's a thing to banish; "Does no one ever work?" I wail, in German, French and Spanish.

## REV. HENRY RANKIN DIES SUDDENLY IN EGYPT MISSION FIELD

The Rev. Henry Rankin, died Sunday afternoon at 5:45 at Cairo, Egypt, where he was a missionary of the United Presbyterian church.

Mrs. Luella Jackson of this city, mother of Mrs. Rankin, received a message Monday evening from the Rev. W. B. Anderson, secretary of the Foreign Mission Board at Philadelphia, announcing that word of his death had been received by cable. It immediately followed a message announcing his critical illness of infectious laundice.

The Rev. Mr. Rankin was 27 years of age and a son of Mr. and Mrs. John A. Rankin of Tarkio, Mo., time as Xenia, after an entire summer of fast time, which was one hour before entering Xenia Theological ahead of the time in this city.

Seminary, from which he graduated in May 1918. He married Miss Ruth Jackson of this city, July 5, 1918 and they sailed from Seattle, Washington, November 8, 1918, for the Presbyterian mission field in Egypt.

Just before receiving the messages announcing the illness and death of her son-in-law, Mrs. Jackson had received a letter from Mrs. Rankin in which she described an enjoyable two month's vacation which included a trip up the Nile from Alexandria to Cairo. They had lived during their vacation on the U. P. Mission boat, which was anchored at Alexandria.

Mr. Rankin is survived by his wife and 18 months old daughter, Dorothy Lue, his parents, Mr. and Mrs. John Rankin and a sister Miss Irene Rankin of Tarkio, Mo.

There being thirty eight in the class fifteen girls, thirteen boys and ten adults. Six or seven other priests were present all being guests of the Rev. W. P. O'Connor pastor of the Jamestown church. Bishop Moeller left on Tuesday for Waynesville. Rev. O'Connor invited the public to this meeting.

Mr. B. Harvey Cummings has just returned from Indianapolis where he attended the National G. A. R. Encampment. Altho Mr. Cummings is a veteran of the army of the Southern Confederacy, he always attends both national and state encampments of the G. A. R. At this encampment he was delighted to meet two veterans of General Sheridan's cavalry who at the battle of Five Forks, Va., captured the Virginia battery of which Mr. Cummings was a member and also participated in this battle. So he and those veterans had a two hour talk over the incidents of that day which witnessed a fierce struggle and ended in victory for the union forces of which Mr. Cummings now holds no ill will and is loyal to the old flag which stands for a united country. C. M. Smith, J. R. Toland, Dr. L. M. Jones also attended the encampment from Jamestown.

The Jamestown Harding-Coolidge club met on Friday evening and completed the appointment of committees etc. An effort is being made to now have an out of town speaker for the regular meeting this week. Much interest is being manifested in the object and work of the club.

Mrs. Fannie Kemper and grand daughter Miss Cleo Fairchilds of Clermont, Ill. is visiting the former's sister Mrs. James Roberts.

### PROTECT YOUR CHILD—AND OTHERS.

At the first sign of a cold it is well to give a child a dose of Foley's Honey and Tar Compound, that safe, reliable cough medicine. Mrs. J. B. Plummer, 246 Autumn St., Passaic, N. J., writes: "Foley's Honey and Tar certainly is the best cough and cold remedy I ever tried for my little boy." Children like it. Good for coughs, colds, croup, whooping cough, hay fever and asthma. Sayre & Hemphill.

## A POLITICAL STUDY IN BLACK AND WHITE; EYE PROOF THAT HARDING WILL CARRY OHIO

Here is the answer in black and white to the question which the presidential campaign has brought forth as to the relative strength in Ohio of Senator Harding and of Governor Cox.

The answer is that Harding is strong while Cox is weak. It is found in the election returns of the campaign of 1914, when each sought the favor of the people, but for a different office.

In 1914, Harding was a candidate for the United States Senate. Harding swept the State. At the same time, Cox was up for re-election as Governor. Cox was decisively defeated.

This contrast between the vote-getting strength of the two presidential nominees is revealed in a most striking way by maps of Ohio, showing the counties carried by each in 1914.

The map at the left shows in black the counties carried by Harding for Senator. The map at the right shows, also in black, the counties carried by Cox for Governor.

Harding for Senator carried 71 of the 88 counties

of Ohio and won. Cox for Governor carried only 20 counties and lost. In figures, Harding's plurality was 102,373, while Cox fell 29,270 votes below the line.

That is the difference between Harding, the winner, and Cox a loser.

Nor is that all the story. The Republican party in Ohio was in 1914, as in 1912, still divided. Harding had not only his Democratic opponent to take care of, but he also had to stand the loss of Progressive Republican votes which went to Hon. Arthur L. Garford, Progressive candidate for the Senate.

Mr. Garford, who is a splendid man and a vote-getter, polled 67,509 votes. Had Harding received the votes which went to Garford, his total of counties carried would have been increased from 71 to 79. These additional counties are shaded in the Harding map.

This gives a true line on the great personal popularity and voting strength of Senator Harding in his own state of Ohio.

### FERRY BOATS CRASH.

New York, Sept. 28.—Five hundred passengers were panic stricken and one woman was injured when the West Shore railroad ferry boats Buffalo and Syracuse crashed in North River in a dense fog yesterday.

The Syracuse was so badly damaged she had to be towed to port by a tug. The fog was so thick that the Ellis Island and Governor's Island ferries were not running.

### ANNOUNCE REDUCTION.

Buffalo, Sept. 28.—The Stewart Motor corporation of Buffalo, has announced a reduction in the price of Stewart motor trucks averaging 18 percent.

## PESKY BED BUGS

(Pesky Devils Quietus) P. D. Q. is a new chemical that puts the everlasting to the pesky bedbugs, roaches, fleas, ants and cockroaches—impossible for the pesky devils to exist where P. D. Q. is used.

Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of ridding the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 35c package makes a full quart, enough to kill a million bedbugs, roaches, fleas or cockroaches and also contains a patent sprout to get the egg nests in the hard to get-at places, and saves juice.

Special Hospital size \$2.50 makes five gallons—contains three sprouts—supplied by druggists or sent prepaid upon receipt of price, either size, by the Owl Chemical Co., Terre Haute, Ind.—never peddled.

For Sale by Sayre & Hemphill, Jones and other leading druggists.

## Catarrh Prescription Here From Scotland

Successful Hay Fever Preventive

In Scotland just before Hay Fever time comes round, people start at once to breathe the air which they purify themselves by a very simple method.

One of Scotland's learned doctors discovered it, prescribed it and soon its power to soothe and heal the inflamed membrane of the nose and throat in all cases of Hay Fever, Rose Colds, Common Colds and Catarrh was heralded all over Scotland.

Recently the formula of this successful prescription reached America, and now the better pharmacies are dispensing it freely under the name of "HAELANOL," and it's so easy and simple to use, so acutely penetrating that a few breaths will open up clogged nostrils and soothe and heal the sore, inflamed membrane. Sohn's Drug Store sells lots of both sizes—50 cents and \$1.00. The Haelanol Company, Inc., Rochester, N. Y.

## BOY SUCCUMBS TO SELF INFLICTED SHOT. AFFAIR IS MYSTERY

Wengt Wintersteen, aged 18, who shot himself in the right temple with a 22 calibre rifle at the home of his brother-in-law, Orville Breakfield near Port William Monday morning, died at the Hale Hospital in Wilmington a few hours later. He never regained consciousness.

The bullet passed through the youth's brain, lodging under the bone of the left temple.

Young Wintersteen's rash deed has not been explained. His farewell note in which he said that his only friend, his mother, was dead, did not give any cause for the deed. It is thought that he became suddenly insane.

The young man leaves his father, Sherman Wintersteen, and three sisters, Mrs. Orville Breakfield at whose home he and his father lived; Mrs. John Hunt near Port William, and Noble Black of Sciotoville. The body was taken to the Breakfield home.

## TO GIVE ADDRESS AT SPRING VALLEY

Royal Clyde Agne, who has been in charge of the community building work in Clark county for the Red Cross, will give an address on Community Building at the town hall in Spring Valley Thursday night.

Mr. Agne has gained widespread fame because of his successful community work for the Red Cross, and he is now an instructor in that line of work at Ohio State University.

It is expected that a large number of Xenia people interested in community work will hear him at Spring Valley Thursday. The meeting will open at 8 o'clock.

## VOTING SCHOOLS TO BE MAINTAINED BY W. C. T. U. IN COUNTY

Non-partisan voting schools will be started throughout the county for the benefit of women voters, by the Greene County Women's Christian Temperance Union, according to announcement just made.

The committee appointed to take charge of the voting schools for Xenia, held a meeting at the home of Mrs. Walter L. Dean Monday afternoon, and decided that the meetings would be held every Tuesday night until election time. The instructors, and places where the meetings are to be held, will be announced later.

## NO REASON FOR IT

When Xenia Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyances of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what an Xenia citizen says:

J. M. Stokesbury, 122 North Columbus St., says: "When I leaned over to pick up anything and went to straighten again, a pain caught me in my back and I wasn't able to straighten up for some time. I finally got so bad off, I was laid up for quite awhile and I ached all over. I got Doan's Kidney Pills from Sayre & Hemphill's Drug store and after I had used four boxes I was entirely cured. It has been several years since and I haven't had any return of the trouble."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stokesbury had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

## RHODES SCHOLARSHIP MAN WELL KNOWN BY XENIA PEOPLE

Norman Littell, son of Mr. and Mrs. Joseph Littell of Indianapolis, and a nephew of Mrs. Mary Munger Meredith of this city, was selected as one of the Rhodes scholars to represent the United States at the University of Oxford, at the annual election held in Boston.

Announcement of the winners has been made by Prof. Frank Aydelotte of the Massachusetts Institute of Technology who is American secretary of the Rhodes trustees.  
Mr. Littell is a student at Wabash College, Crawfordsville, Ind., and will complete his course there in 1921. He expects to go to England to begin his course at Oxford next fall. He has had a brilliant college career and last year was the winner of the first prize offered in three inter-state collegiate oratorical contests in Indiana, Nebraska and Michigan. The young man is well known in Xenia, and was a guest of Mrs. Meredith here a few weeks ago.

Rhodes scholars are chosen in accordance with a three fold requirement in the will of John Cecil Rhodes, which comprise character, intellectual ability and physical vigor. No written examination are conducted, the men being chosen on the basis of their school or college records supplemented by personal interviews with the Committee of Selection. This committee is chosen from 500 former Rhodes scholars in the country. Approximately 400 men were candidates, the competition being stronger this year than ever before.

The quota for the United States this year, was the case last year, was 64, instead of the normal 32, on account of the postponement of elections during the World War.

### RAIN RELIEVES TERRIFIC HEAT

Rain Monday drove away superfluous heat that enveloped this city and environs the latter part of last week.  
The heat of Saturday and Sunday left Xenians with discarded straw hats and new fall bonnets in a quandary as to which to wear for the day. The annual September hot wave is believed to have passed however, with the rain that developed Monday. A strong wind kept the sun from getting hot Tuesday.

### STADIUM PROJECT FOR OHIO STATE ATTRACTS NOTICE

Columbus, Ohio, September 28.—

Newspapers in many of the largest cities in the United States have been poking their "news noses" around Ohio State University of late. The big city editors are showing much curiosity regarding the new million dollar stadium for athletics to be erected in the Olentangy river tract. It is attracting attention not only of the "art" editors and news writers but of the editorial writers as well. The editor of the New York Sun intimates in a leading editorial in the Sun that through the new stadium, which is to be the largest of its kind in the country, Ohio State may become so attractive to the student that it will become the largest educational institution in the country. Equally flattering comment has appeared in Brooklyn, Philadelphia, Baltimore, Chicago, San Francisco and St. Louis newspapers while all the larger as well as the smaller newspapers of Ohio, have carried descriptions and details of the Stadium. It is attracting more attention perhaps than any other structure now in course of construction in the United States.

Ohio State University is being featured this week in hundreds of moving picture shows throughout the country. For the first time, three large "movie weeklies" sent camera men here last week to photograph the annual cane rush. These pictures are now being shown all over the country.

The campaign for the million dollars with which to build the proposed Stadium will start October 18. The committee in charge hopes to secure the entire amount in a week's time.

### GREENFIELD HIGH TO PLAY LOCALS

If the Central High School gridders are to maintain a clean slate by establishing a win on the coming Saturday, they will have to show rare form in the game that will mean the opening of the high school football season locally.

Coach Young's charges will receive their introduction to local pigskin bugs at the new field in the Dodds' addition Saturday, with Greenfield High, and according to reports from the latter school, it will take a lively eleven to turn them back.

William LeSourd, quarterback and Paul Boxwell, captain and full back of the blue and white footballing assemblage, watched the play of Greenfield closely Saturday, when they witnessed the Greenfield-Washington C. H. game at Greenfield. Washington won by the score of 25-6, by playing the same brand of football that carried them through last season without a defeat. Had it not been for superior football and clever forward passing, resorted to almost entirely by Washington, the team would not have come out on top, as Greenfield lads presented a heavy line and a heavier backfield, that made line smashes practically ineffectual. They presented practically a one-man offensive however, working their fullback and best ground gainers hard, from a kick formation. Two fluke passes put them in scoring distance.

Roseate are the predictions for the future of the Maroons. In Moeller, the local pigskin artists have one of the cleverest backfield performers ever to appear here and a man who besides being a good field general, backs a powerful line smash and totes a deadly tackle. With the announcement of Farcasin's coming, it is also announced that several of the stars who helped make the club a winner last year, have been unable to withstand the call of the game and will be back in uniform next Sunday. This insures not only a bolstered line but a reinforced backfield, and will insure a much better combination even than played in the uniforms of the Maroons last season.

Manager Rachford announces that the Masco-Parfay combination will be the last Dayton team to meet the locals until the middle of November. The Gem City team is rated highly in that city and the locals are looking for a real gridiron hard, from a kick formation. Two fluke passes put them in scoring distance.

### GIVEN DRAW IN 12 ROUND BOUT

Boxing tamely through twelve rounds, Roy Moore of St. Paul and Frankie Daly of New York were given a draw in the main event at the Dayton Gymnastic Club, Dayton Monday night.

Young Webb of Dayton and Jack Sheppard of Cincinnati fought to draw in the eight round semi-final and in the six round preliminary Charlie Rodway of Dayton stopped Young Schnell of Springfield, the referee stopping the bout. The Webb Sheppard draw was the best battle on the card.

### OHIO STATE STAR TO JOIN MAROONS

Xenia football fans will sit up and take notice with the announcement that John Farcasin, former Ohio State University star griddler, who last year substituted for the imitatable "Chic" Harley, will perform with the Xenia Maroons next Sunday, when the locals play the Masco-Parfays of Dayton on the Cincinnati avenue oblong.

Farcasin can be rated as one of the cleverest backfield men in the state, and only the fact that State had a much better than normal play in Harley, kept this lad from breaking into the lineup as a regular. As it was, Farcasin appeared in a number of games, and sport scribes laudably applauded him for his showing. He was responsible for five touchdowns against the University of Cincinnati.

Farcasin will visit Dr. Moeller, of this city, another former Ohio State star, who is coaching and playing with the Maroons, next Sunday and will break into the local lineup at that time. Ohio State boosters will likely turn out to see this favorite product perform in a local uniform, and the bugs here are assured of a real football combination with the coming of this star.

and Wednesday there will be a real practice at the rink. Players who do not appear for practice at the rink Wednesday, will not break into Sunday's game, according to the Coach.

### DAYTON SCHOOL TEAM BEGIN WORK

Dayton High School football teams will start their respective schedule this week.  
At Stivers, where Guy Burdett Early, of near Jamestown, former Miami University star is coaching, the team will play Troy Friday afternoon in the opening game. Early has been giving the Stivers athletes all he knows and they are confident of winning.  
At Steele, preparations are being made for the coming of Sandusky High, which will play the Dayton team at Dayton Saturday. The University of Dayton was cheated out of a game this week when Centre College of Danville, Ky., cancelled, but will get into action next week with St. Xavier of Cincinnati.

### SEVERELY INJURED PLAYING FOOTBALL

James E. Tierney of Kenton, formerly of Xenia, was severely hurt during foot ball practice on the armory floor at Kenton last Friday night.  
He received a blow in the head, which burst the diaphragm in one ear, and he was unconscious for several hours. Physicians were alarmed over his condition for a time as there is danger of meningitis following an injury of that nature, but he is now improving. Miss Margaret Poland of this city was called to Kenton last Saturday owing to his condition.

OFFERS NEW PLAN  
Toledo, O., Sept. 28.—Mayor Cornel Schreiber appeared before council last night with a recommendation that a row of apartment houses owned by the city in the downtown district be converted into a shelter home for fallen and deficient women. The plan is backed by the Women's Protective Association. Council ordered an investigation of the proposal.

MACSWINEY STILL LIVES  
London, Sept. 28.—Terence MacSwiney, hunger striking lord mayor of Cork, was still conscious in Brixton jail infirmary this morning but was described as "extremely exhausted." This was the forty eighth day of his hunger strike.

QUOIT CONTESTS ARE  
EXCITING INTEREST

The Xenia Quoit Club was defeated by the Milfordville club, at the latter place Friday evening. Milfordville taking 7 out of the 12 games played. James DeVoe, captained the local team.

The contests of the Seniors and Juniors to determine a championship in each class is progressing well. Two men only have finished their quota of 22 games. Oglesbee, whose percentage is 743 has lost but 5 games and won 16 games. DeVoe has won 11 and lost 11 games for a percentage of 500.

Two more teams have been chosen for the same kind of contest and are called the Sophomores and Freshmen. The Sophomores are captained by Snider and Davidson and are composed of the captains and L. A. Taylor, L. T. Marshall, J. Anderson, Powers, Aultman, M. Anderson, Hale Huston, A. J. Taylor and C. McPherson.

The Freshmen are captained by Thornhill and Richards and are composed of Priest, Nagley, Allman, Sutton, Winter, Stout, Alexander, Davis, Crawford and Bone. The captains request that all these players report at the grounds until their quota of games is played out.

The work of changing and beautifying the local club was completed Monday night. It is announced, in order to be ready for the Tippecanoe City team that will play here Tuesday evening. The locals were defeated by this team at Tippecanoe about two weeks ago before a crowd of about 400 people and the local club expects a big turn out for the Tuesday night match.

PEACH SEASON RECIPES  
Peaches may be utilized in salads, which make very satisfactory dessert substitutes.

Peach Salad—Place half a fresh peach, or a drained half of a canned one, on a crisp lettuce leaf; mask with cooked salad dressing or mayonnaise; garnish with a red cherry or nut meat and serve at once.

Pot-Pourri Salad—Peaches, cherries, oranges, marshmallows and salted peanuts, served with mayonnaise, make a good salad.

Peach Cocktail—Place in each tall cocktail glass a peach which has been peeled and cut in small pieces. Add powdered sugar to taste, a few drops of lemon juice, two tablespoons of grape juice, two tablespoons mint leaves. Serve immediately before the ice melts.

Peach Jelly—Since peaches lack the necessary pectin to give jelly-like qualities, peach jelly can be made by adding juice from some of the peaches producing fruits.

Sour apples are sometimes used in the proportion of one cup of the apple juice to each quart of peach juice. Boil for five minutes, then add two-thirds the amount of sugar.

A very delicious jelly is made by using equal portions of peach and green grape juice. Again after boiling for five minutes add two-

thirds the amount of sugar.  
Peach Marmalade—Scald and peel fruit, weigh and simmer slowly three-fourths of an hour. Drain off the extra juice and add three-fourths pound of sugar for every pound of peaches as previously weighed. Boil fifteen minutes, skim and add the juice of one lemon. Cook one minute longer, then turn into small sterilized glasses or jars.  
The surplus juice may be made into jelly by combining with either the apple or green grape juice as mentioned previously.

DISCOVERIES.

New Use for Old Mesh Bags—Remove the top from the bag and use the bag part as a pan scraper. You will find it lasts much longer than the ones you buy.

Lunch Pies—This may prove a helpful hint to some wife or mother who pack lunches: When making your pies, make several miniature pies in gem tins for your lunches. They are much easier to pack than a piece from a large pie, especially when the lunches are wrapped in paper.

Gelatin Flavor—When preparing a package of strawberry gelatin put in two or three tablespoons of boiled rhubarb; sweeten it to taste. This gives a fine flavor.

Varnished Candles Burn Longer—The heated tallow or wax of a candle runs down the side and results in a considerable waste. This waste can be stopped by coating the new candles with white varnish and laying them aside for a few days to harden.

The varnish will keep the melted tallow or wax from running away and then the wax is used in the wick.

Washing Powder will remove the brown, smoky look from glass oven door when everything else seems to fail.

“JUST A GIRL”

BY JANE PHELPS

A HAPPY DAY TOGETHER

Chapter 128

“Who is Mr. Claxton?” Mother asked as she buried her nose in the flowers.

“My employer. I have mentioned him several times.”

“Oh, yes. Now I recall him, but I did not connect him with flowers for me. Why should I?”

Why indeed? It was only one more proof of his kindness I was very proud and happy that he should think of Mother, should try and make her arrival at the home I had made for her pleasant by his thoughtfulness.

But I was so happy, so anxious to show Mother our little home and to talk to her, that I soon forgot Mr. Claxton, everything but that I had my darling mother with me and that we had a home all our own, even if it were a very simple one.

We didn't unpack that night. I made a little supper at midnight when Mother declared she was hungry. We had talked so hard and so fast the time had slipped by unheeded.

The next day was Saturday and Mr. Claxton had told me I need not come down. So as soon as we finished breakfast we unpacked Mother's trunk. She had many little things with her—father's picture in a silver frame, her lovely toilet articles, he had given her only a little while before he died which I had insisted she keep, and which gave the room an air of elegance when we had disposed them to advantage.

“My room is so pretty, Dear, and

your's so plain,” she complained.

“I am a bachelor girl, Mother. I have no time for fol-de-rols. I intend to care for my own room and if I had a lot of knickknacks around I am afraid they would not get dusted.”

“My dear little girl!” Mother took me in her arms. “Don't you suppose I see thru your little subterfuge? That I know you spent so much for my room that you had to economize on your own? Everything is very wonderful, Dear, but you are the most wonderful of all. I don't yet understand how you—brought up as you were—have been able to do it.”

“My bringing up was a hindrance Mother—at first. It made things seem harder than they were.” I answered lightly. “But now nothing seems hard. I have a nice position, everyone is kind to me, and I am earning enough to be independent and have you. What more could a girl ask?”

“And you never regret the old times, the friends you loved?”

“Not any more. My time and thoughts are too filled with work. And Mother dear, I couldn't go back now—not to the butterfly life I led before I knew what it was to work. I think I have changed—perhaps more than I realize.” I thought of Kenneth Lawrence. Would he think me changed for the worse?

“You have changed, Dear, but it is only natural that you should. Care, responsibility and hard work would change any girl. I wish I might have helped you more.”

“It's a slave you'll be to this lit-

tle flat now, Mother dear! Meals to get, dishes to wash, cleaning to do and the marketing. You won't have much time to be lonely.”

“I think I never shall be lonely again. I feel that your Father knows we are together at last and that he is happy that it is so. I cannot even yet think of him as dead. He is a very livin' presence to me.”

“And to me, Mother. In all these hard years things he said, his advice, have been in my mind and have helped me. Yes, I am sure that Dad knows, and is glad.”

After we had unpacked all Mother's things and put them in place hung her clothes in the closet, or laid them in the bureau drawers, we went to market. Mother would be strange for a time but I wanted to show her the way to the nearest shops. After we had made our simple purchases we went to the pancake shop for lunch. I had not told Mary we were coming and her delight was amusing. Tom, too, was so pleased that Mother said:

“You and your friends will spoil me, Zena. And what a darling shop! And I never ate such griddle cakes.”

“Pancakes, Mother This is a pan cake shop.”

After we had finished our luncheon we walked slowly home, and spent the afternoon talking as only mother and daughter who had been long separated could talk.

Mother startled me when she asked:

“Did you communicate with that young Mr. Lawrence after I sent you Mr. Harkness' letter?”

Howdy Pete!

Philadelphia—Tuesday.

Always learn something when I head into this old town. Passed my deck of Camels to a fine, business-looking citizen in the Pullman dressing room this morning and this opened up a conversation. Listen, Pete, that man talked the Camel language according to Hoyle!

“Camels are the very quintessence of cigarettes” said this party. Pete, get that word? It fits—it spreads the news—it spills the whole Camel story! And, if you don't get what I'm driving to you, look up the word in Webster's! Why, Uncle Sam put it there when he dreamed Camels were coming! That man slipped into one word—mellow-mild-body, no cigarette aftertaste, no cigarette odor—and—the best cigarette in the world at any price!

Pete, why do you hear men of all types everywhere actually boasting Camels? That's because they know Camels are right! They know from Camels flavor that Camels have the quality—and—they know that Camels blend of choice Turkish and choice Domestic tobaccos makes the most delightful cigarette any man ever put between his lips!

Old oil well, I'm no gusher, but the way Camels are going to more and more men every one of the seven days in every week is a sight to see!

Leaving for K.C. tonight housed as close to the roof as they could put me! Drop me a line care Hotel Baltimore.

Pete: Like that Camel “smash” up top? Think I'll adopt it as my letterhead. S.

Shorty.
